At its meeting on 12 September 2018, the School Registration Committee of the NSW Education Standards Authority (NESA), under delegation of NESA, recommended an extension of registration for Minimbah Primary School, Armidale for Kindergarten to Year 6 from January 2019 until and including 31 December 2019 pursuant to section 55 of the Education Act 1990.

Under section 53A of the Act, the following conditions of registration are imposed on the registration of Minimbah Primary School:

- (i) That the school provide NESA by December 31 2018, evidence that Minimbah School Board members have completed six hours of governance training delivered by a NESA approved provider and a plan to complete a further six hours of training by 30 June 2019
- (ii) If the required professional learning is not completed as required by 31 December 2018, that the school's proprietor remove the Board members from being responsible persons for the school.

To address these conditions of registration, Board members have enrolled in NESA approved Governance training to be undertaken over several days in November 2018.
